Subject: Projects Awarded based on Good Faith Efforts

Mr. Flynn,

Supporting our letter from yesterday regarding projects awarded based on Good Faith Efforts (GFE), please find enclosed a copy of a letter (Exhibit C) from Chris Hooke, Deputy Director-Transportation Department for the County of Ventura, which identifies acceptance of Specialty Construction, Inc.'s (SCI) GFE as low, responsive bidder for the \$2.4M Telegraph Road Bridge project.

We have asked for copies of UDBE Commitment forms for the second and 3rd low bidders for this project, but the County has yet to respond.

SCI is attaching a copy of SCI's 15-G1 Local Agency UDBE Commitment Form 15-G2 Local Agency DBE Commitment Form for this project, as submitted to the County of Ventura.

Regarding our informational request to CCWA for the Encasement of 42" Pipeline for San Luis Obispo County Willow Road Extension Project, SCI has had to execute a Public Records request with CCWA in order to obtain these documents. We are hopeful we can receive information today regarding SCI's GFE evaluation and the UDBE Commitment Forms from the 2nd & 3rd low bidders for this project.

We will forward any future information to SLO County as it arrives, however, please feel free to communicate with any of the project Owners that SCI has identified.

**SUBJECT: DBE GOAL ON TELEGRAPH ROAD BRIDGE PROJECT
AND AWARD OF CONTRACT TO SPECIALTY CONSTRUCTION, INC.**

Dear Mr. Clay:

The County of Ventura had established a race-conscious DBE goal of 9.3% for the Telegraph Road Bridge Replacement project when we advertised it for bidding in April 2011. Your firm submitted the lowest bid on the project, with DBE subcontractor participation of 8.5%. You also submitted the Good Faith Effort (GFE) paperwork required by our specifications, because the 9.3% DBE goal was not met by your bid. After evaluating your GFE submittal we were satisfied that your firm had met the intent of the GFE and so we deemed that the DBE requirement for the project was satisfied. Our Board of Supervisors then awarded the project to SCI in May 2011.

Sincerely,

Chris Hooke, PE
